Issue #65

Message from the President

June 2011

I find myself in awe of springtime, always amazed at how very beautiful our neighborhood looks. This, in spite of several dead grass locations which have occurred as a result of a dry winter season just passed. Warren and Victor are working very hard to resolve these areas and we would ask that you avoid walking where we are trying to reseed. Keep us posted as you move thru the property of any sprinkler issues since, you too, can be our eyes in this regard. Maintaining the beauty of our grounds is a simple responsibility of one and all.

Several of our temporary parking locations can become a refuge for non-residents to 'lunch', or otherwise use, after which their garbage becomes our problem. I strongly urge all residents to suggest these temporary visitors either pick up after themselves or find a different site for their use. While on topic of temporary parking sites, the key word here is 'temporary', since ever home has a two car garage provided to contain vehicles and not solely as storage facilities. Please try and park at least one of your automobiles in your garage. Summer time brings visitors from out of town. We would all like our guests to be able to park nearby and your board would appreciate everyone helping with this issue.

Last month, I mentioned about leaving outdoor lights (both front and back) on overnight. One of your neighbors mentioned to me that by allowing her front lights to be on all night, she has rid herself of some loitering which had been a bother to her sleeping ... interesting. You may wish to join us in lighting up our community for safety sake.

Con't from first page... as silly, nor as easy, as it might be perceived. Exercising in water is good for you and 'hanging with the ladies' is quite entertaining. If none of you men choose to come along, I will just have to keep the 'girls' to myself ... remember, Mondays and Thursdays at 10:00AM. Why not give it a try.

Whether enjoying the out of doors, experiencing water aerobics, walking the paths along Little Dry Creek, or relaxing on your patios with friends and neighbors, please have a wonderful summer and if travelling, be safe. Oh, and hope to see you at the next "residents" coffee Saturday, June 18th at the clubhouse 9AM ... I have it on good authority, donuts this time ... Dick

The Pool is Open

The pool has opened and we are off to a great start, there are a few things I would like to bring to the attention of all homeowners. Due to high bather load, especially on the weekends we are requesting that homeowners limit their guests to six per household. If you plan on bringing more than six please notify the pool staff prior to arrival. Large groups should occupy one table and a couple of loungers and use the grassy areas for their guests as to not monopolize tables, chairs and loungers. The gazebo can be reserved by any homeowner for parties or gatherings. All guests must be accompanied by the homeowner upon arrival to the facility. If you are unable to accompany guest(s) to, or remain at the pool while guests use the facility you must notify the pool staff. Non-family guests must always be accompanied by the homeowner with no exception. The small pool is only for children 5 and under. The pool rules are posted at the

pool or you can ask an attendant for a copy. Thank You for your cooperation!

I would also like to welcome Caroline Kelly as our newest staff member. If you have any questions or concerns don't hesitate to ask.

Thank You! Jean Oatman/Pool manager
