## President's Message

Believe it or not spring time is here again (which is a good thing by the way). Our Maintenance staff is hard at work getting our sprinkler system started up and preparing for another year of grounds maintenance. They have performed landscaping work at over 50 of our homes including shrub removal and replacing ground cover. Our tree trimming and removal work has been completed. There is still much to be done, however we are off to a good start. When you see Warren out there working make sure you give him a big "Thank You" for all the hard work.

At our monthly Board Meeting on Tuesday May 2, 2006, the Board approved two dues increases. The first increase will be \$10.00 per month starting in January 2007 and the second will be \$10.00 per month starting in January 2008. The \$10.00 increase starting in January of 2007 will be in addition to the \$5.00 increase which was approved back in 2003. This will bring our January 2007 dues (including paint escrow) to \$125.00 a month. In accordance with our by-laws the increases still have to be approved by the homeowners. The Board will be preparing the documents to present to the homeowners in the upcoming months. We anticipate voting on the increases in July.

Wednesday July 5th 7:00 pm  
because of the holiday on Tuesday

---

**KVTA Message Center**  
**303 796-0540**

**Emergencies in Common Area**  
**303 230-2348**

**Bud Ray shared a travel story.....**

A friend was on a trip and had the unfortunate experience of having a flat tire while on the road between towns. When retrieving the spare, he discovered it was also flat. The car had to be towed at quite an expense to the nearest town. Moral of the story: Check your spare tire periodically to make sure it is in good and useable condition. Always check your spare before taking a trip.

**Your Dues At Work**

Just a quick review ...The monthly fee you pay is budgeted in this way. The greater portion is spent in *operations* - the monthly bills which are not optional. The *reserve* is our invested savings used to repair or replace the assets within the Village. It is divided into 3 categories: streets & sidewalks, water systems & landscaping and recreational facilities. The reserve is to fund for the planned and the unexpected.

Our 2004 Reserve Study provided a tool for planning by estimating useful life of our assets and projecting the cost of replacement. We are now behind the eight ball, the useful life of many of our assets has expired or soon will. As our president told you in his message, we have an essential 5-year capital improvements plan - no frills, just maintaining our safety and property value.

In 2005 our operations expenses were 4.9% greater than for 2004. We are estimating 5% annual inflation. Products and services for reserve funded repairs have increased at a greater rate. Asphalt and paint are petroleum products. There is a current shortage of cement. The equipment used is powered by gasoline - need I say more?

This year we will spend \$135,000 and for the next four years we need to spend over \$100,000 each year. We want to talk with you and show you how your dues will be at work. Please come to the Board meetings and bring your questions and suggestions. Remember that we are planning for the good of the community as a whole.

Barb Arnold, Treasurer

**Watering**

The Denver Water Board has ok'd watering the lawns three days per week. The hours are midnight till 10:00 am and 6:00pm till midnight. Because we have low water pressure we need to split our schedule. On the east side of Knolls Way we are watering Sunday, Tuesday and Friday. On the west side of Knolls Way the days are Monday, Wednesday and Saturday.

**Lawn Mowing**

will be done, weather permitting, on Wednesdays and Thursdays. Starting at Fremont Pl. and finishing at Fremont Ct. Each mowing is done at the cost of approximately \$2000 per week.

**Shrubs**

Shrubs were removed from 52 homes throughout the complex. In their place plantings, rock or bark were used to enhance the landscape. We exceeded our budget in an effort to fill requests prior to May 1. The Board will determine if funds available for additional removals in the fall.

**Concrete work**

has begun in the six driveways to be renovated this year. After the cement work is completed, asphalt replacement should begin later in May.

**Architectural Control Committee**

KVTA Residents please note that indoor -outdoor carpet is not an approved surface on front porches. Existing carpet should be removed when it shows wear and may not be replaced

ACC Committee 4-17-2006

**Would you believe** that we had 170 web site hits in April on our home page?

**knollsvillage.com**

As I have written about in the past, a "Financial Plan" and "Capitol Improvements" plan were developed to justify our dues increases. Our plans were presented to the Homeowners at our "Quarterly Homeowners Meeting" in April. Plans are available if anyone is interested. We can be contacted through our web site at [www.knollsvillage.com](http://www.knollsvillage.com) or drop us line in the mail.

I appreciate the Board's work on this project. It has been a very difficult process but, I truly believe all of this is necessary to keep our property values to their maximum potential.

As a final note, I remind everyone that concrete and asphalt work has begun. I ask that we all are patient with contractors who will be involved in performing the work. Driveways will be blocked at times. The contractors are committed to working as fast as they can. Your patience will be greatly appreciated.

Loren Rohl

**Pool Opening May 27th (weather permitting)**

All residents who wish to use the pool must have a signed Pool Agreement on file with the Association, a Current Registration Card and homeowners dues must be current.

The Pool Agreement needs to be filed only once. If you don't have a Pool Registration and key, they will be available from the pool attendants. Each family will receive one card and key. Guests will be admitted using this "family card". We will continue to use the same pool key as used in previous years.

If you are a new owner the pool attendant will get you fixed up. If you are a renter you must have a letter of authorization from the homeowner for you to use the pool.

**Tennis Players**

If you don't have a key it is available from the pool attendant.

**Have a Fun Summer !**
